Haiti: Over 250,000 children trapped in the grip of hunger

The latest alert issued jointly by United Nations agencies—including UNICEF, the FAO, and the World Food Programme—paints a terrifying picture: in Haiti, an estimated 254,000 children aged 6 to 59 months are expected to suffer from acute malnutrition. The international community is witnessing this agony with an inertia that agencies on the ground decry as “unacceptable.” *Source: Vatican News*

This week's Memorials

St Callistus- Optional Memorial on Wednesday- Pope from c. 218-222 and martyr.

St Teresa of Avila (1515-82)-Memorial on Thursday- mother general of all Carmelite communities internationally, reforming their rule, establishing many new convents, a mystic and contemplative who was also highly active and practical, besides writing much on spirituality and prayer.

St Margaret Mary Alacoque (1647-90)- Optional Memorial on Friday-a visionary and ascetic nun in Paray-le-Monial, France, she was influential in the spread of devotion to the Sacred Heart of Jesus.

St Ignatius of Antioch (c. 35-c. 107)- Memorial on Saturday- is thought to have been a disciple of St John, and was the second Bishop of Antioch. On his way to Rome (and martyrdom), he wrote letters, which are still in existence today, extolling the importance of the office of bishop and warning against heresies which deny the dual nature of Jesus.

Decriminalisation of Abortion in Scotland

The Bishops' Conference of Scotland is deeply concerned by renewed calls to decriminalise abortion in Scotland and to remove existing legal safeguards governing the ending of unborn human life. These proposals would permit abortion up to birth for any reason, including sex-selective abortion. We are deeply disturbed that the **Scottish Greens** believe abortion should be treated “like any other healthcare procedure”. This claim simply does not match the brutal reality of abortion, which is the deliberate ending of an innocent, defenceless human life. *Source: rcda.scot (04/10/2026)*
